

Love One Another

Words and Music by Kelly Carpenter

D Am7
Come on, love one another
D Am7
Help your sister, help your brother
D Am7
It don't matter where you're from
D Am7
Can't you see that we're all one

D Am7
From the executive in her high-rise
D Am7
To the man down in the street
D Am7
If you want to make a difference, now
D Am7
Then move your hands and move your feet

Em7 F#m7
We all can do something
G G/A
To make the world a better place

D Am7
Love one another
D Am7
Show somebody that you care
D Am7
Love one another
D Am7
Let your love shine everywhere

D Am7
No one is an island
D Am7
That's not what we're supposed to be
D Am7
We're meant to lean on each other
D Am7
And live together in harmony

Em7 F#m7
Come on everybody
G G/A
The future is in our hands
